C-October-28-2024

Memo

To: Mayor and Council
From: Lindsay Chase, Director of Planning
Date: October 17th, 2024
Subject: Rezoning and Development Permit Application
File: DPR01020; REZ00728 • 760 Tolmie Avenue

The purpose of this Memo, is to correct an error in the Report to Council, dated October 7th, 2024.

As a result of an applicant and staff error, the proposed unit count for the Rezoning and Development Permit application for 760 Tolmie Street is incorrectly noted as 554 residential units. The application proposes a total of 555 residential units, one greater than noted in the Report. No changes to the proposed Zoning Schedule or Variances, as noted in the Development Permit DPR01020, are proposed through this Memo.

A handwritten signature in cursive script, reading "Gina Lyons".
